Subject Re: VLW

Tiel, I will be happy to attend the meeting with the BBNC Board on Dec 6. I will arrive on Dec 5. Just let me know where to be and when (I think you said 8:00 AM). While I am in Anchorage on Dec 6, 7 and 8 I would like to meet with any groups or individuals who would like to discuss EPA's assessment or mining in Bristol Bay with me. Tami and I will try to get the word out but if you think of any one or any group that I should offer to meet with while I am there, please let me know.

Thank you

Rick Parkin

Subject: VLW

Rick:

Thank you for agreeing to come present at our VLW workshop on the 8th of December at the Sheraton Hotel. There are normally about 2-300 village participants with a dozen or more tribal leaders present who also wear other village leadership role hats including village corporation and city.

You are scheduled tentatively for the afternoon of the 8th but you will get a detailed time in the next few days. Please send a bio to Francisca in the mean time for the meeting prep packets. Her email is included. Also the topic(s) we plan to hear about are the watershed assessment and the traditional knowledge component to EPA's efforts. If you would suggest a time for both or combined presentations. We anticipate about a half hour for both with Q&A.

We are setting a meeting room aside for you to meet with the tribes as well.

Tiel
